BY KRISS

N V B Y K . C O M

“New Vintage by Kriss” is a jewellery brand that creates cool, gorgeous and wearable jewellery. From the beginning our aim has been to empower women to live lives fully, to dream big and to act bold, to forget about the rules and follow their own path. We also LOVE beautiful stones, especially those that look a little rough around the edges!

All “New Vintage by Kriss” pieces are designed by Kriss Eglite and hand-crafted in her studio in Estonia. We use only semi-precious stones, cultured pearls, 925 silver, gold-filled and other quality materials. That is why our jewellery is non-allergic and if tended to properly will shine beautifully for decades. Each design has a story behind it, something that moved, encouraged or touched us.

We look forward to the day that “New Vintage by Kriss” would be considered the real vintage.

## ROCKING BLACK

Here at NVbyK we can never have enough of black. And since we believe that black is the true classic, we decided to re-invent all our absolutely favourite designs only in black and gold. Ok, there are a few options in silver as well, for the eternal silver fans.

The result as we expected is a mix of simple lines with just a bit extra edginess and cool - sooo, perfect for those NV Girls who like us are the true believers in the magic of black!

## INSPIRED

When we created this collection, we were inspired by the wise and often very funny words of such legendary women like Mae West, Katherine Hepburn, Ayn Rand and Maya Angelou.

Each piece has a choice of words or word (you pick your favourite) engraved on a hand cut gold filled or sterling silver bar.

So you can wear them every day, all day and just make sure to clean them with appropriate products every few months - they will keep on shining with you!

## K.I.S.S. BRACELETS

We believe that sometimes the most stylish looks are achieved with simple, well designed pieces – like these little bracelets made out of various semi-precious stones and gold filled or sterling silver bar.

They will look great layered with your favourite chunky watch or stack of bracelets or if you are going for the less is more approach then just one of these darlings will look utterly sophisticated and delicate!

## CAVIAR

We hand pick each stone that goes into making this unique statement piece and make sure that the final result is a classic but cool mix! The clasp is made of sterling silver and the surprise element is the army ball chain that adds a little toughness to this otherwise classic look.

This is the one necklace that can be worn on formal event as well as with a simple white T-shirt and jeans!
